Two Counties in North Carolina Approved for Disaster Unemployment Assistance

RALEIGH — The Division of Employment Security (DES) has announced that Guilford County and Rockingham County have been approved for Disaster Unemployment Assistance (DUA) due to the effects of tornados and severe weather on April 15, 2018.

Individuals from these counties who are affected by the disaster and are unable to continue working must file an application for benefits within **30 days** from today – or, by **June 9, 2018**.

Workers who became unemployed as a direct result of the effects of the severe weather impacting North Carolina, may be eligible for unemployment insurance benefits under the DUA program. Business owners affected by the storm may also qualify for benefits.

Workers or business owners meeting the following criteria may be eligible for benefits:

- Individuals who are unemployed due to the disaster, and do not qualify for regular unemployment insurance benefits. If you are eligible for regular unemployment insurance benefits, you must first exhaust those benefits before you are eligible for DUA.
- Self-employed individuals and small business owners who lost income due to the disaster.
- Individuals who were prevented from working due to an injury caused by the disaster.
- Individuals who have become the major supplier of household income due to the disaster-related death or injury of the previous major supplier of household income.
- Individuals who are unable to reach their job or self-employment location because they must travel through the affected area and are prevented from doing so by the disaster.
- Individuals who were to commence employment or self-employment but were prevented from doing so by the disaster.

DUA is funded entirely by the federal government. Individuals need to file first for regular unemployment insurance. If an individual is determined ineligible for regular unemployment insurance, or has exhausted their regular unemployment insurance benefits, a DUA claim can then be filed. Individuals will need their Social Security number, copies of their most recent federal income tax forms or check stubs, or documentation to support they were working or self-employed when the disaster occurred. To receive DUA benefits, all required documentation must be submitted within 21 days from the day the DUA application is filed.
