IRORA DETERMINATION OVERPAYMENT

State of Original Overpayment	Date of Original Determination	Amount to be collected	Overpayment Type	Program
-------------------------------	--------------------------------	------------------------	------------------	---------

<Requesting State>	<Date of Overpayment Determination>	<Overpaid amount>	<Overpayment type>	<Program>
--------------------	-------------------------------------	-------------------	--------------------	-----------

The state of <State Name> has requested that the North Carolina Division of Employment Security assist in the collection of an overpayment you have with that state. Under the provisions of the Interstate Reciprocal Overpayment Recovery Arrangement, the Division is required to make deductions from future benefits payable to you and to forward these offsets to <state>.

The original overpayment was not established in North Carolina. Therefore, questions concerning repayment, appeal or waiver of the overpayment should be directed to <state>. If you have questions about your offset, call 919.707.1338.

The Division will offset a maximum of 100 percent (%) of your weekly benefit amount until the overpayment has been satisfied or until your entitlement has been exhausted, whichever comes first.
